Description

The United States Government, represented by the United States Agency for International Development (USAID), Washington Bureau for Humanitarian Assistance (BHA) is seeking expressions of interest and organizational capabilities from organizations regarding the possible procurement of a Contract to provide recruitment, hiring and administration of Personal Service Contracts (PSCs). If services are procured, the contractor would recruit and provide administration for PSCs hired to perform crucial administrative, operational, and technical support services in support of USAID/BHA's international disaster response and humanitarian assistance activities and programming. The possible procurement is intended to be a pilot, targeting a limited number of positions which have been difficult to fill given the non-competitive nature of the PSC mechanism.
